## WILL ROCKEFELLER STOP FRANK WALSH?

**Rockefeller Interests Trying to Put Soft Pedal on Report  
of U. S. Industrial Relations Commission—Wein-  
stock's Special Train to Wisconsin.**

Harris Weinstock of California is the leader of the Big Biz-Rockefeller fight on the U. S. Industrial Relations Commission for a mollycoddle report to congress—and especially on industrial relations in Colorado.

Lined up with him are S. Thurston Ballard and R. H. Aishton. Ballard is a Louisville banker and business man, and Aishton is one of the vice-presidents of the Northwestern railway.

There have been some mysterious rumors lately of a hurried visit to Wisconsin by Weinstock after a secret conference with Rockefeller in New York. Prof. Commons lives in

Wisconsin, and if Commons goes over to the Rockefeller side and Mrs. J. Borden Harriman goes with him, that means the majority report of the commission will put the soft-pedal on Rockefellerism.

It is difficult to get any information out of any of the members of the commission, which is holding star chamber sessions in Chicago, prior to finishing the report the coming week.

Chairman Frank P. Walsh is making a fight to TELL THE TRUTH to the people of the United States in the report, and especially the truth about Colorado and the Rockefellers.
